The Status Report

Philip, Marszal

05/05/2015

- **Data-Structure**

- **Clustering**

- **Clustering on PCA transformed Data**

Histogram of measured Responsetimes of all Services combined

Mean = 33.3s
Median = 16.0s
Maximum = 166149.0s
Minimum = 0.0s
Std. Deviation = 254.3s

Histogram of measured Responsetimes of all Services combined

SSE for Clustering on normalised data

Silhouette Coefficient for Clustering on normalised data

Variance Distribution over Components

SSE for Clustering on PCA-transformed data

Silhouette Coefficient for Clustering on PCA-transformed data
